

Kinesiology

Kinesiology AA Degree

The term kinesiology means the study of movement and the associate of arts degree program emphasizes major preparation courses for students seeking transfer to a four-year university. Students entering the field of kinesiology can look forward to career prospects in the areas of fitness, health and wellness, athletic training, exercise science, education/coaching, and sports administration.

Students who have selected the particular four-year college to which they wish to transfer should use the catalog of that institution as the principle guide for determining additional coursework.

Upon completion of the kinesiology program, students will be able to:

- Know the structure and function of the human body as it relates to physical activity, fitness and health.
- Know the impact of physical inactivity on fitness and health in a societal context.
- Perform basic motor skills and apply a variety of concepts and methods common to the academic field of Kinesiology.
- Develop and apply the multiple strategies that encourage societal adoption and active healthy lifestyles and commitment to lifelong learning.

Students must fulfill the following requirements to qualify for an associate degree:

- Complete the Associate Degree requirements
- Complete major course requirements as specified in the catalog with a C or better
- Complete electives to reach a total of 60 degree applicable units
- Maintain a grade point average of 2.00 overall
- Complete the English and math competency requirements with a C or better
