
Psychiatric Technician

Psychiatric Technician Certificate of Achievement

The West Hills Community College Psychiatric Technician Program is an approved program by the California Board of Licensed Vocational Nurses and Psychiatric Technicians. This accelerated program is divided into three main content areas, nursing science, developmental disorders, and psychiatric nursing. Program participants will receive didactic and hands-on experiences to apply the nursing process in the planning and implementation of care for clients with a variety of special needs. Participants will be introduced to the professional psychiatric technician standards related to professionalism and safety and grow in the role of client advocate and sponsor. The Psychiatric Technician Training Program will prepare the student in a variety of health care settings. Upon completion of the Psychiatric Technician Training Program, students will receive a certificate or associate degree and qualify to take the licensure exam from the California Board of Vocational Nursing and Psychiatric Technicians.

This is an intensive certificate/degree program. Classes will meet at the college, local hospitals, mental health facilities, Coalinga State Hospital, Porterville Developmental Center, and other approved facilities to accommodate the clinical aspects of instruction.

Program student learning outcomes:

1. Students will apply principals of safety in various healthcare settings.
2. Students will utilize critical thinking and problem solving skills in industry specific areas.
3. Students will apply principals of caring to individualized populations.
4. Students will apply evidence-based care.
5. Students will model professional behaviors in the healthcare setting.

Program Prerequisites, Corequisite or Advisory Courses
